

SNI QUICK-CHANGE LOAD CHUTE / UNLOAD CHUTE ASSEMBLIES

- Allows change-over in minutes, rather than hours.
- Eliminates adjustments and fine-tuning on the machine.
- One time attachment of mounting adaptor plate.
- Each load chute marked with the appropriate customer work-piece part number(s).
- Necessary attaching cap screws remain captive to each assembly.
- Lightweight.
- Wear resistant., and coolant resistant.
- Adapts to SNI SN-series (shoe centerless) machines, and to any Heald CF90/91 swivel plate.
